

Technical Rider

Restaurant Hirscheneck Basel, Switzerland

email: kultur@hirscheneck.ch Phone: 0041 (0)61 692 35 88

Please note:

Soundchecks are due to the venue being located directly below the restaurant only possible until 18:00. However this may not count for low volume bands. Basically the rule is: the louder the band, the shorter the soundcheck. Thanks for your understanding.

Swiss Law limits the volume to a maximum of 100dB(A) (average per hour)! Therefore our sound engineer has the final decision on the volume of the concert.
